

AeroGarden®

# Extended Season Growing & Harvesting Guide

Extend  
your Garden's  
growth for  
up to  
3 months!

*T*hese additional nutrients are designed for gardeners like you who are not yet ready to completely harvest their Garden after using all the nutrients supplied with their original *Seed Kit*. While we are now supplying you with an additional 3 months of nutrient tablets, AeroGrow International, Inc. cannot guarantee the continued success of your Garden. We suggest that as you use these nutrients, you order your next *Seed Kit* so that your AeroGarden® can quickly be replanted when your plants reach the end of their life cycle.

*H*ow much the making of a garden, no matter how small, adds to the joy of living.

- E. H. WILSON

# Extending Your Garden's Life

*for up to 3 months*

---

Tending your AeroGarden with the *Extended Season Nutrients* is just as easy as before. Every 2 weeks, both the “Add Nutrients” and “Water Level Low” lights will blink on and off when it is time to add nutrient tablets.

When you add nutrients, continue using the same method for feeding (Basic, Rinse & Refill, or Alternating) as described in the Tending & Harvesting Guide included with your *Seed Kit*. Each of the methods is summarized below.

## Basic Feeding

- 1 When your “Add Nutrients” light blinks, add 2 tablets from nutrient bag and reseal the bag.
- 2 Add water to raise the water level to “Fill To Here” in the *Bowl*.
- 3 Press the “Reset” button to restart the nutrient timer and turn off the blinking lights.
- 4 Enjoy your bountiful harvests!

## Extending Your Garden's Life *(Continued)*

### Rinse & Refill

Follow the rinse directions below **before** adding nutrient tablets. This will keep your Garden healthy.

- 1 Carefully remove the *Bowl* from the *Base* and bring it to a sink.
- 2 Remove the *Grow Surface* from the *Bowl* and place on a counter near the sink.  
*(Hint: Lift the View Door and slide one hand into the Bowl. Don't worry if you gently tear some roots.)*
- 3 Empty contents of *Bowl* into sink and rinse *Bowl*. Use only water.
- 4 Fill *Bowl* with **room-temperature** water up to "Fill To Here" and set *Bowl* on counter.
- 5 Place *Grow Surface* back on *Bowl*, arranging the roots over *Bowl Struts*.
- 6 Carefully replace *Bowl* on *Base*.
- 7 Add 2 nutrient tablets from nutrient bag, reseal the bag and press the "Reset" button.

## Alternating Rinse & Refill and Basic Feeding

Follow these instructions for International Basil gardens.

1 Alternate between *Rinse & Refill* (described on page 4), and *Basic Feeding* (described on page 3).

2 Cross off the appropriate box on this *Feeding Schedule* after each feeding.

Basil Growing Nutrients <b>FEEDING SCHEDULE</b>					
Cross off one box after each feeding.					
1st	2nd	3rd	4th	5th	6th
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Rinse & Refill	Basic	Rinse & Refill	Basic	Rinse & Refill	Basic

**As you extend your Garden's life, you may notice that some of your plants look unattractive and/or have stopped growing while others are still productive. At this time, you have a choice:**

- Clip the old/dead plant just above the *Seed Pod Label* to remove it and allow the productive plants around it to keep growing. If you do this, we recommend keeping the *Seed Pod* in the *Grow Surface* to reduce algae growth;

**OR**

- Prepare for your next Garden (please refer to the *Tending & Harvesting Guide* included in your original *Seed Kit*).

We recommend checking for bugs every time you add nutrients. (Refer to *Troubleshooting in the Tending & Harvesting Guide* from your original *Seed Kit*.)

# Extended Season Nutrients Limited Warranty

## What Is Covered

This warranty covers any defects in materials or workmanship with the exceptions stated below.

## How Long Coverage Lasts

This warranty runs for 6 months from the date of original purchase for the original purchaser/user.

## What is Not Covered

The warranty shall not apply to problems arising from: normal wear; failure to adhere to included instructions; serial numbered products if the serial number has been removed or defaced; products subject to negligence, accident, improper use, maintenance or storage; products damaged by circumstances beyond AeroGrow International, Inc.'s control; loss or damage to removable parts; or products modified (including, but not limited to, modifications through the use of unauthorized parts or attachments) or repaired by anyone other than AeroGrow International, Inc. or its designee. This warranty does not cover unsatisfactory plant growth. This warranty excludes all incidental or consequential damages. This warranty becomes void if these nutrients are used in a growing system other than the AeroGarden and/or made by any manufacturer other than AeroGrow International, Inc.

## What AeroGrow Will Do

AeroGrow International, Inc., at its option, will repair any defects in materials or workmanship or will replace these products with ones of similar features and price. AeroGrow International, Inc.'s sole obligation and your exclusive remedy under this warranty shall be limited to such repair or replacement.

## To Return This Product

If you have questions or concerns with your Extended Season Nutrients, **do not return to retailer** or AeroGrow International, Inc. Call Customer Service at 1-800-476-9669 for return authorization and instructions. Unauthorized returns, as well as C.O.D. shipments, will be refused.

Due to continuing improvements, actual product may differ slightly from the product described herein. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may have other legal rights that vary from state to state. If you have any questions please feel free to contact our customer service representatives at [customerservice@aerogrow.com](mailto:customerservice@aerogrow.com).
